Aims of the day are to update Grow and Learn projects on:

- The new online Grow and Learn Awards 'Roots' and 'Nurture'.
- The difference Grow and Learn can make to participants.
- Respond to any questions regards the Awards through a Q&A session.

What are the Grow and Learn Awards?

Grow and Learn is a horticultural award that recognizes individual progress and achievement through experiential learning. The award offers a structured framework to work within, but is also flexible enough to ensure a person centred approach at all times. The award offers participants both choice and flexibility around choosing additional activities and also setting personal goals too.

The Grow and Learn Awards not only introduce people to horticulture they also equip participants with invaluable and transferable life-skills, a focus to life, and a personal sense of pride and achievement.
