

CHEERIO RING BIRD FEEDER

What you need:

- Cheerios cereal or similar hooped cereal
- Bowl to hold the hooped cereal in
- Pipe cleaners (1 per ring)
- Scissors and ribbon to hang if required

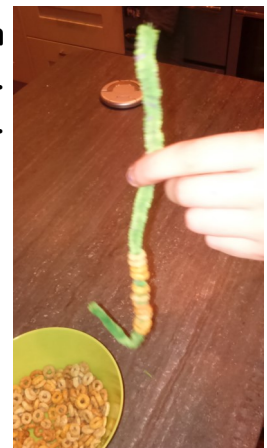

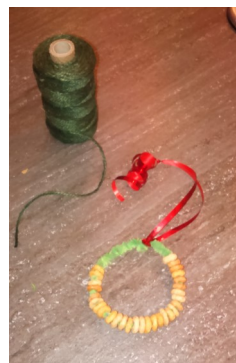

Step 1. Bend one end of the pipe cleaner approx. 5cm from end to stop Cheerio hoops from sliding off.

Step 2. Feed Cheerio hoops down the pipe cleaners until approx. 5cm from top end.

Step 3. Take both 5cm ends and twist together to make secure.

Step 4. Either hoop Cheerio ring over branch or tie with seasonal coloured ribbon and hang from ribbon loop.

Plait three pipe cleaners to make a dangly feeder... or mass produce rings for sales.....

.....or add to the bird buffet table!
